

## SCRIPT FOR VERBAL INVITATION

Hello, my name is \_\_\_\_\_. I'm a constituent of (LEGISLATOR NAME) and I'm also the owner of (AGENCY NAME) in (CITY).

Our agency brings care into the homes of (NUMBER) people in (LEGISLATOR NAME)'s District.

Today, I'm calling on behalf of (CLIENT NAME), who is a constituent of (LEGISLATOR'S NAME) who would like to invite him/her to his/her home to talk about the home care she/he is receiving that enables her to remain in his/her own home instead of having to go to a nursing home or assisted living community.

(CLIENT NAME) is a Medicare beneficiary. However, Medicare does not pay for the type of personal care she/he is receiving right now. That's why her/his family is paying for the home care.

**OR**

However, she/he meets the financial criteria, so her/his care is being paid for by Medicaid.

(CLIENT NAME) is looking forward to having (LEGISLATOR NAME) as a guest in her/his home. We are flexible in terms of dates and times but would like to make certain that our home care aide that cares for (CLIENT NAME) is also there to talk about the care and support she/he provides.

This visit can be as brief as 45 minutes or longer, but I think (LEGISLATOR NAME) would really enjoy hearing how one of his/her constituents is able to remain at home as they age with the help of a home care aide.

Can we schedule a date and time now?
