

# Insurance, Payroll & Employee Benefits

for Home Care

isolated and Acrisure have teamed up as national leaders in the home health care industry to bring you the power of our people and technology. Through our unique service package, you have a one-stop shop for insurance, payroll and employee benefits all connected through one platform.

isolated solutions allow employers to focus on the most strategic, value-added activities for growing their businesses. Solve the complexities of inefficient plan setup and administration, changing regulations, employee/staff turnover, and other daily challenges by leveraging a dedicated team of isolated benefit administration and compliance professionals.

The best part is, we're two different companies working together to bring you one solution. Each day, every day, we are advancing our expertise within our own specializations while providing you with greater ease of doing business.

**Industry specialization.** Acrisure's dedicated Home Care Practice Group offers clients deep industry knowledge, valuable insight and excellent services.

**Vast insurance markets.** Our national connections mean you have access to premier home care, home health, and human services markets and exclusive ancillary programs.

**Market reach.** As the largest independent insurance broker in the country, Acrisure provides clients with greater economies of scale in the marketplace, translating into lower costs and broader coverage.

**Reduce Risk** by remaining up to date on workforce changes and employment law compliance.

**Gain Immediate Results** by enabling regional, relevant and responsive benefits service professionals.

**Increase Productivity** by automating processes and focusing on value-added business initiatives.

**Maximize Technology** by leveraging employee data and insights stored within your HR Technology.
